Projects

NotAlone |

Built a web-based platform focused on cybersecurity awareness, enabling users to share personal experiences, blogs, and insights on cyber threats. Designed to foster a safe, anonymous, and informative environment for community learning and support

Surviwise |

Designed and developed the frontend of a web platform to help users locate recent natural disaster occurrences and search for cybersecurity contacts during emergencies. Focused on user-friendly UI to ensure quick access to critical information and resources.

UI/UX Design Projects (Figma)

Lohar – Surgical Instruments : Designed a clean and professional e-commerce UI for surgical instruments using Figma.

TourEase – Tourism Website: Created a visually engaging tourism site interface in Figma with focus on user experience.
